

Meet LogPoint @ Infosec 2021

Øksnehallen | Booth 1000

29-30 September | Copenhagen

Sep 28, 2021 15:45 CEST

InfoSecurity Denmark 2021: Meet LogPoint and get insights into modern cybersecurity operations

Join LogPoint at InfoSecurity Denmark 2021, the most prominent IT Security Expo in Denmark, on September 29-30, 2021, for informative activities about cybersecurity innovations.

COPENHAGEN – September 28, 2021 – [LogPoint](#), the global cybersecurity innovator, will participate in InfoSecurity Denmark on September 29-30, 2021. During the two days, IT and cybersecurity professionals will share knowledge about the threat landscape, security challenges, and solutions to bolster security teams in their fight against the tidal wave of cyberthreats.

As a platinum partner, LogPoint will host a series of informative sessions, live demos, one-on-ones, and other exciting activities at booth no. 1000. Participants at the expo will have the opportunity to learn about accelerating detection and response with machine learning, increasing situational awareness by mapping anomalies to the MITRE ATT&CK framework, and protecting sensitive data in SAP systems.

At the conference, **Doron Davidson**, LogPoint VP Global Services, will deliver a keynote on how to increase cybersecurity efficiency with automatic incident detection and response. He will also present LogPoint SOAR that allows cybersecurity teams to automate investigations and accelerate response to threats in the infrastructure. The session will take place Wednesday, September 29, from 11:15 to 11:45 in Theatre 2.

Christoph Aschauer, Director of LogPoint for SAP, will deliver a keynote on SAP security. He will provide insight into the detection and subsequent analysis of unauthorized access to sensitive personal data with LogPoint for SAP, remediating the major challenge companies face in protecting sensitive data in SAP systems. The session will take place Thursday, September 30, from 11:15 to 11:45 in Theatre 2.

InfoSecurity attendees can pre-book meetings with LogPoint executives and experts for one-on-one conversations to learn more about LogPoint and its offerings:

- **Jesper Zerlang**, LogPoint CEO
- **Brian Hansen**, VP Customer Success
- **Martin Fribrock**, Nordic Regional Director
- **Guy Grieve**, Presales Manager, MITRE ATT&CK expert
- **Jon Egilsson**, Engineering Manager, UEBA and machine learning expert
- **Christoph Aschauer**, Director of LogPoint for SAP, SAP security expert

To pre-book meetings, [sign up here](#).

To sign up for the IT Security Expo, and get a complete overview of exhibitors and the program, go to the [InfoSecurity Denmark, 2021, website](#).

For media, it will be possible to schedule one-on-one interviews with LogPoint executives and cybersecurity experts. To book an interview, contact LogPoint media relations.

About Logpoint

Logpoint safeguards society in a digital world by helping customers and Managed Security Service Providers (MSSPs) detect cyberattacks. Combining reliable technology with a deep understanding of cybersecurity challenges, Logpoint makes security operations easier, giving organizations the freedom to progress. Logpoint's [SIEM](#) and [NDR](#) technologies improve visibility and give a multi-layered approach to cybersecurity that helps customers and MSSPs in Europe navigate the complex threat landscape. Headquartered in Copenhagen, Denmark, Logpoint has a European foundation and is the only European SIEM vendor with a Common Criteria EAL3+ certification. This demonstrates Logpoint's strong focus on data protection and cybersecurity regulations. For more information, visit <http://logpoint.com>.
