Konica Minolta chooses LogPoint SIEM to bolster Cybersecurity across Europe

Konica Minolta, one of Europe's leading digital workplace providers, has selected the LogPoint SIEM solution to power detection and response to cybersecurity threats

COPENHAGEN and MUNICH– March 8, 2021 – [LogPoint](#), the Modern SIEM and UEBA company, has been selected by Konica Minolta Business Solutions Europe to provide its SIEM and UEBA solution. The enterprise wide LogPoint solution will be at the core of the Konica Minolta Security Operations Center, providing centralized cybersecurity management for its headquarter and 30

subsidiaries in Europe, reducing specialist's workload and increasing efficiency.

LogPoint's Modern [SIEM](#) and [UEBA](#) solutions will provide Konica Minolta with real-time situational awareness of cyber threats in their European IT infrastructure. LogPoint collects security information from across the entire network and uses advanced analytics and machine learning to detect threats effectively and prevent breaches.

"The LogPoint SIEM solution is a perfect fit. It allows us to quickly deploy and manage advanced security analytics across our network, to detect and respond to cybersecurity threats. In addition the LogPoint licensing model means SIEM cost is predictable and dosen't automatically go up when data amounts increase," says Christoph Wagner, Manager Data Center and Network Technologies Europe, Konica Minolta Business Solutions Europe.

Konica Minolta Business Solutions Europe, based in Langenhagen, Germany, is the Headquarter for 30 subsidiaries and distributors in more than 80 countries in Europe, Central Asia, the Middle East and Africa. The company has approx. 10.000 employees, an net sales revenue of over € 2,34 bn in financial year 2019/2020, and is a wholly-owned subsidiary of Konica Minolta Inc., headquartered in Tokyo, Japan.

"The Konica Minolta case is an excellent demonstration of two key LogPoint strengths: Unique time to value through efficient deployment and ability to support enterprise-wide delivery with centralized management. We are looking forward to providing Konica Minolta a world-class SIEM solution," says Pascal Cronauer, LogPoint Regional Director CEMEA.

LogPoint's Modern [SIEM](#) and [UEBA](#) solutions provide the analytics and automation tools that enable customers to securely build, manage and effectively transform their businesses. LogPoint supports [Cybersecurity](#), [compliance](#), [IT operations](#) and [business analytics](#). LogPoint has added security for ERP systems to the portfolio with LogPoint *for SAP*.
