LogPoint appoints RAS Infotech new distributor in the Middle East

With the appointment of RAS Infotech in Dubai as a new distributor, LogPoint is expanding its reach into the Middle East. With RAS Infotech, LogPoint will be able to address growing Cybersecurity-market in the region and reach a network of highly qualified partners across the Middle East

Copenhagen & Paris – 15 May 2019 – LogPoint, the modern SIEM, UEBA and Big Data Analytics company, today announced RAS Infotech as new distributor in the Middle East. With LogPoint, RAS Infotech will be able to provide partners with a SIEM solution that is advanced, easy to implement and offers unparalleled time-to-value for the customers.

Established in 2000, RAS Infotech based in Dubai in the United Arab Emirates (UAE) is a leading Value Added Distributor in the Middle East. With 120 resellers serving more than 1.700 clients throughout the region, RAS Infotech is also the distributor for other leading Cybersecurity vendors like F-Secure, Knowbe4, Devicelock, Trust-wave, Genians, and DFLabs.

The [LogPoint SIEM solution](#) enhances [Cybersecurity](#) and increases visibility by real-time data analysis across the entire network infrastructure aided by UEBA and Advanced Machine Learning. It provides threat detection and early detection of data breaches and supports IT operations, Compliance and Business Analytics.

“We evaluated a great number of SIEM solutions, but, found that LogPoint SIEM with UEBA and Advanced Machine Learning detected a wide variety of known and unknown threats, that were not detectable through other means. Adding to that, the node-based licensing model, made LogPoint stand out in the market in a unique way,” says RAS Infotech CEO Akram Khazi.

LogPoint is headquartered in Copenhagen, with offices in London, Paris, Munich, Stockholm, and Boston. It’s a partnerships company, working in concert with more than 50 certified partners, MSSP’s and distributors across the globe to address the growing SIEM market. RAS Infotech will be playing a key role in addressing the expanding Cybersecurity-market in the Middle East.

“We are excited to bring RAS Infotech onboard as our distributor in the Middle East partner. Their network and competencies are a great fit with LogPoint, ensuring access to an extensive network of resellers and potential partners, that can significantly strengthen our footprint in the region,” says Jesper Zerlang, CEO of LogPoint.

With the Dubai Cyber Security Strategy, the government of the UAE has defined a national focus on Cybersecurity to strengthen Dubai’s position as a world leader in innovation, safety, and security. Among the focus areas are Cybersecurity, Cyber Resilience as well as National and International Collaboration. LogPoint is proud to take part in securing businesses across the UAE in partnership with RAS Infotech.

In 2018 LogPoint was recognized in the Gartner Magic Quadrant for SIEM as the only European vendor. The LogPoint solution was named as an April 2019

[Gartner Peer Insights Customers' Choice for SIEM](#), receiving a 4.6 score out of 5 in reviews by cybersecurity professionals, ranking the company among the leaders of the global SIEM industry.
