LogPoint ranked #1 and named Leader in the 2021 Data Quadrant Report for SIEM Tools by SoftwareReviews

LogPoint is solidifying its position as a SIEM industry Leader in SoftwareReviews' Data Quadrant Awards for 2021. Based on peer reviews by IT and security professionals, LogPoint ranks as #1 out of 16 vendors.

COPENHAGEN & BOSTON, Nov. 4, 2021 — [LogPoint](#), the global cybersecurity innovator, has been named a gold medalist and ranked as overall #1 in the [2021 Data Quadrant Report for Best Security Incident and Event Management \(SIEM\) Tools](#) by [SoftwareReviews](#), a leading source for insights on the

software vendor landscape, with a total score of 9.2 out of 10 compared to the 8.2 SIEM industry average.

“We’re extremely honored to be ranked as the overall #1 and leader by SoftwareReviews in the 2021 Data Quadrant for Best SIEM Tools. I’m particularly proud that we are ranked as #1 when it comes to creating business value for our customers, and the fact that 92% of our customers are likely to recommend LogPoint to their peers,” said LogPoint CEO Jesper Zerlang.

SoftwareReviews’ [Best SIEM Tools](#) Data Quadrant is based on peer reviews by IT and security professionals, ranking LogPoint as #1 in 13 out of 22 evaluation criteria in two main categories, “Vendor Capability” and “Product Features.”

Overall #1 on Vendor Capability	Overall #1 on Product Features

“While providing great Cybersecurity technology is key, we never lose sight of the business value objective, and helping customers accelerate time-to-value is a key priority for us. Our 95% score in Vendor Support, which is the highest satisfaction score anywhere in the 2021 Data Quadrant, is a testament to this,” said Jesper Zerlang.

SoftwareReview’s 2021 Best SIEM Tools Data Quadrant report is published on the heels of LogPoint’s recent announcement of advancing its foundational cybersecurity capabilities by [including SOAR in its core SIEM solution](#). The integration of native SOAR into LogPoint’s SIEM platform introduces an unprecedented level of automation, increased speed, and precision in incident response, bringing SOAR to organizations of all sizes.

About LogPoint

LogPoint is the creator of a reliable, innovative cybersecurity operations platform – empowering organizations worldwide to thrive in a world of evolving threats. By combining sophisticated technology and a profound understanding of customer challenges, LogPoint bolsters security teams' capabilities while helping them combat current and future threats.
