Logpoint ThinkIn 2023: Insights directly from the forefront of cybersecurity

- **Join the conference and get two full days of inspirational keynotes, deep-dive workshops, unlimited access to technical experts and tons of networking opportunities**
- **The conference takes place on March 7-8, 2023, at Crowne Plaza Copenhagen Towers in Copenhagen**

Copenhagen, March 6, 2023: Logpoint is hosting its global ThinkIn 2023 conference for users and partners on March 7-8, 2023, in Copenhagen. Cybersecurity leaders, specialists and customers will provide insights and intelligence on current trends, emerging technology and geopolitical developments in the cybersecurity domain.

“The world has changed remarkably the last years with the Russian invasion of Ukraine, the Covid pandemic, economic turmoil, and the new European NIS2 directive,” say Nicolai Zerlang, Logpoint VP Marketing. “Cybersecurity has never been more important to ensure our collective future. The cyber threat is highly present for authorities, large enterprises, small companies, and the population alike. At ThinkIn, we’re excited to address some of the main challenges and share learnings, insights and knowledge that’ll enable our customers and partners to thrive in a the increasingly hostile threat landscape.”

At Logpoint’s ThinkIn 2023, customers share their technology successes, we investigate new directions and reveal insider-understanding of our technology. Participants will have direct access to industry specialists, thought leaders, and Logpoint innovators. In addition, they can engage with keynote speakers and participate in technical deep dives.

Topics on Logpoint’s ThinkIn 2023 agenda include: The importance of leveraging automation and levelling up your response time; how to migrate to SaaS with minimal fuss and the benefits to gain; how to bridge the gap between operational and business outcomes; how to boost efficiency and create business growth in the MSSP landscape.

Keynote speakers at ThinkIn 2023:

- **Victor Zhora**, Deputy Chairman and Chief Digital Transformation Officer of the State Service of Special Communication and Information Protection of Ukraine
- **Mark Fiedel**, Head of Cybersecurity Analysis, Danish Centre for Cybersecurity
- **Henrik Loth Thiesen**, Head of Cyber Risk Quantification & Strategy Enablement, Vestas
- **Morten Løkkegaard**, Member of the European Parliament for the Danish Liberal party, Vice President of the Renew Europe Group, NIS2 rapporteur

For a complete overview of the ThinkIn 2023 agenda and speakers, and to sign up, go to www.logpoint.com/en/logpoint-thinkin-2023/

For media participants, it will be possible to schedule 1:1 interviews with the Logpoint speakers if their schedules permit it.
